PARTY

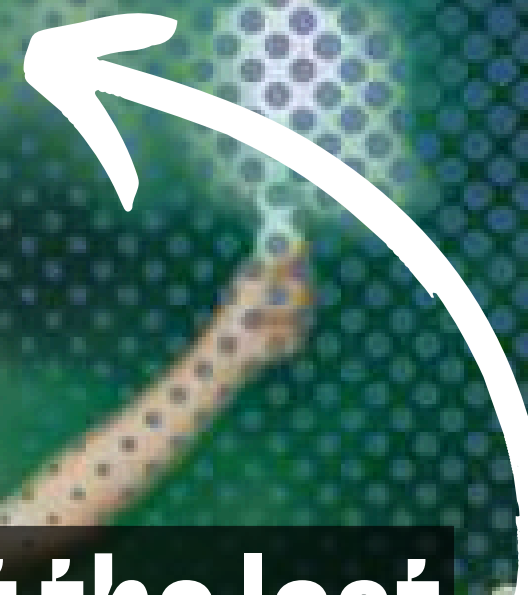

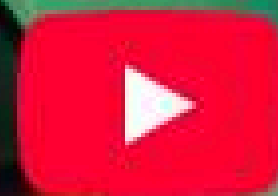

And after the race, get ready for 90 minutes of brilliant musical entertainment. In the past years, we had regional star Ida Prester, who presented us with everything from punk to electro-pop, wonderfully funny and incredible energy. Marko Louis and the band gave us the best covers of Balkan and world music, and the Gift band set the stage on fire with their appearance and selection of the biggest club hits. Resident DJ will keep your feet on fire till midnight! Soon there will be an announcement of the lineup for 2025!
